OPPORTUNITIES IN FRANCE CIVIL NUCLEAR

Join a series of events, designed to provide **UK SMEs** with a detailed overview of the industry and the opportunities available in France

-  12 June 2024
-  10:00 – 14:00
-  EngineRooms, Warrington
-  [Click here to register](#)

Businesses are invited to join the first in a series of events, designed to provide a detailed overview of the Civil Nuclear industry in France and the vast opportunities it presents for UK SMEs within a variety of sectors.

France is one of the UK's largest export markets and a major global economy. In easy reach of the UK, it offers many export opportunities for businesses offering innovative, quality products and services.

In 2023, the UK and France signed the Statements of Cooperation on Civil Nuclear Energy, committing to enhanced cooperation in a range of areas including new build, decommissioning and dismantling, waste management, and supply chains.'

Join this in-person event, in collaboration with the Northern Nuclear Alliance (NNA) and Britain's Energy Coast Business Cluster (BECBC), to learn about the opportunities for UK SMEs in the French Civil Nuclear sector and how to do business in the country.

By attending you will:

- Hear from Chris Barton CMG, His Majesty's Trade Commissioner for Europe, who will discuss the UK's civil nuclear relationship with France
- Receive a detailed briefing on the French civil nuclear market, including practical tips on doing business in this market
- Discover the latest opportunities in current and future projects, including details on timelines and routes to market
- Find out about future activity for the civil nuclear sector and France with DBT, including plans for a Meet the Buyer event in Paris in early 2025
- Have the opportunity to network with like-minded businesses over a networking lunch
